Grade 6 Primary – Weekly Assessment and Homework–
Week 9 – Unit 2: Digital Safety and Security Precautions
Lesson 2 (Protecting my digital data!)

Weekly assessment

First test

Put a mark (√) in front of the correct statement and a mark (×) in front of the incorrect statement in the following:

1- Passwords consisting of at least eight characters—including a mix of letters, numbers, and random symbols—are the most secure. ( )
2- It is my personal responsibility to ensure that my device is protected by a password. ( )

Second test

Put a mark (√) in front of the correct statement and a mark (×) in front of the incorrect statement in the following:

1- Multi-factor authentication requires only one method to verify your identity. ( )
2- End-to-end encryption protects your information, ensuring that only you can access it. ( )

Third test

Put a mark (√) in front of the correct statement and a mark (×) in front of the incorrect statement in the following:

1- Fingerprint authentication involves scanning your face using your camera ( )
2- If your data is compromised, you must tell one of your parents or a trusted adult.. ( )

Class evaluation

Use the internet to research ways to protect your digital data.

---
