Lesson 2

Reading

- 1 Read about Ismailia and put the photos in the correct order.

New message

I am Sherif and I live in Ismailia, which is between Port Said and Suez. The Suez Canal runs through the city before it reaches the sea.

Ismailia is beautiful. There are attractive buildings, interesting **monuments** and lots of gardens. Around 350,000 people live here, but since **traffic** is slow, there isn't much pollution.

Ismailia is **peaceful**, but it isn't boring! There are lots of things to do here, **especially** at the weekends. On Friday afternoons, I often go to Lake Timsah, which is near the city, with my family. It's a beautiful lake with beaches around it.

On Saturday mornings, I have tennis lessons at the sports centre at 9 am. Sometimes I go swimming in the afternoon with my friend, Sayed.

There are some interesting museums in Ismailia! My favourite is the Natural Science Museum because I'm interested in animals. It's a good place to go at the weekend.

- 2 Read the text again and complete the fact file about Ismailia.

Fact File	Ismailia
Where:	1 between <u>Port Said</u> and
What it looks like:	2 buildings
	3 monuments
How many people:	4
Places to visit in city:	5/...../.....
Sports:	6/.....
Places to visit near city:	7

Remember!

New words are in **bold**. You can check the meaning in the glossary or your dictionary.

Ismailia has interesting monuments. My city has lots of interesting monuments, too.

Writing and speaking

- 3 Work in pairs. Compare Ismailia with your village or city.
 4 Now complete a fact file for your city or village in your notebook.

Language

Remember!

- Use prepositions of time to say when you do things.
On Friday afternoons, I often go to Lake Timsah.
 I have tennis lessons at the sports centre **at** 9 am.
 It's a good place to go **at** the weekend.
 Sometimes I go swimming **in** the afternoon.

5 Complete the sentences with the correct preposition.

- 1 I always go to the park on Saturday mornings.
- 2 We have English 10 am on Thursdays.
- 3 Nagwa usually visits her grandparents the weekend.
- 4 We walk to school the morning, but we come home by bus.
- 5 Are you going to the museum Friday?
- 6 Fady goes shopping the afternoon.

Listening

- 6 Listen to Nader and Judy talking about where they live. Are these sentences *True* (T) or *False* (F)? Correct the false sentences.

- 1 All of the buildings in Nader's city are old. F, it's a modern city, too.
- 2 Nader likes watching fish at the aquarium.
- 3 Judy likes going to a famous shop in her city.
- 4 There is a botanical garden and a nature reserve in Judy's city.
- 5 Nader and Judy think that there is not much to do in their cities.

- 7 Listen again and complete the sentences.

aquarium botanical gardens Friday afternoons in mornings Saturdays

- 1 Nader usually goes to the park on Friday afternoons.

- 2 When is the exhibition?
- 3 Which metro station do they need to go to?
- 4 How long does the journey take to get to the museum by metro?
- 5 How many stops are there by metro?

- 3 Khaled is going to the Space Exhibition from City University. Use the information from Exercise 1 to complete the chat with Fawzi.

Khaled: Hi Fawzi. Would you like to come to the Space Exhibition tomorrow? My dad is taking me

Fawzi: Yes, please! 😊 What time does it start?

Khaled: It starts at ¹ 9.30. We're going by metro.

Fawzi: Which train shall we get?

Khaled: The first metro train leaves at 8.20 and arrives at ²

Fawzi: That's an hour before the exhibition starts!

Khaled: 😞 Perhaps we can leave later.

Fawzi: What time does the exhibition finish?

Khaled: It finishes at ³

Fawzi: OK. Can we get a train in the afternoon to get back?

Khaled: Yes, one leaves at 1.15 pm and arrives at ⁴

Fawzi: Great! Let's take that.

Language

4 Complete the questions and sentences with the present simple form of the verbs in the box.

arrive end leave open start

- 1 What time does the lesson start?
- 2 The library at 8.30 in the morning.
- 3 The train to Port Said this station at 3.15.

- 1 You want to go to Alexandria. What time does the train leave? 11.30
- 2 Which platform should you go to?
- 3 You want to go to Aswan. What time does the train leave?
- 4 What time does it arrive in Aswan?
- 5 You want to go to Luxor. Do you need the Alexandria train or the Aswan train?
- 6 How long does the journey take to Luxor?
- 7 To travel to Luxor, which platform should you go to?

Listening

6  Listen to Nadia and her mother. Where are they?

7  Listen again and answer the questions.

- 1 Where do Nadia and her mother want to go to? Tanta
- 2 What time does the train leave?
- 3 What time does it arrive?
- 4 What is the last station that the train goes to?
- 5 Which platform does it leave from?

Writing

8 Nadia gets the text message below from her friend Amira. Write a reply using the information from Exercise 7.

Hi! I'm looking forward to seeing you later! What time does your train leave? When do you arrive in Tanta?

Speaking

- 1 Look at the photos. Which of these types of transport do you use? When do you use them?

Reading

- 2 Read the texts and answer the questions.

I love travelling by train because it's interesting to look out of the window. In one journey, you can see **ferries** crossing the Nile, green **valleys**, peaceful villages and busy cities. Trains are often fast and **comfortable**, too. Egypt has the oldest railway in Africa. More than 800 million **passengers** travel by train in Egypt every year on 5,000 kilometres of railway! I take the train when I visit my grandparents in Edfu. It's my favourite journey.

Riham

Lots of people in Alexandria use the **tram** to travel around the city. It's a great way to travel! It's easy to use and it isn't expensive. Trams are **electric**, so they are better for the environment than other types of transport. Some of the trams in Alexandria are unusual: they have two **floors!** I like sitting at the top and watching the streets below.

Hana

- 1 What does Riham like doing on the train? *She likes looking out of the window.*
- 2 How many passengers travel by train every year in Egypt?
- 3 Who does Riham visit by train?
- 4 How does Hana like to travel around the city?
- 5 What type of energy do trams use?
- 6 What is special about some of the trams in Alexandria?

- 3 Read the texts again. Write the types of transport next to the words and phrases the girls use to describe them. Can you add any words?

- | | |
|----------------------------|--------------|
| 1 fast | <i>train</i> |
| 2 comfortable | |
| 3 easy to use | |
| 4 interesting | |
| 5 good for the environment | |

Speaking

- 4 Discuss this question in pairs.
Which way do you like to travel? Why?

I like the train because it's comfortable and it isn't expensive.

I prefer the tram. It's more fun!

Listening

- 1  Listen to the conversation. Why doesn't Basel want to go to the sports centre, park or the museum?
- 2  Choose the correct words that Basel and Taher use to make and respond to suggestions. Listen again to check your answers.

- 1 **Would** / Do you like to meet up tomorrow?
- 2 I'm / I'm not sure.
- 3 Could / Shall we go to the park, then?
- 4 I prefer / 'd prefer to go somewhere indoors.
- 5 How / What about the museum?
- 6 It could / would be nice to play a computer game.
- 7 Why don't you come / are you coming to my house?
- 8 That sounds like a great idea. I'd love / want to!

- 3 Look at the phrases in Exercise 2 and answer the questions.

- 1 Which phrase do we use to agree with a suggestion?
- 2 Which phrase do we use to disagree politely?
- 3 Which phrase do we use to describe something you like more?
- 4 Which phrases do we use to make suggestions?

Speaking

- 4 Work in pairs. Use the photographs to make suggestions to meet up and agree on an activity.

Student A: Invite Student B to do something. Suggest two activities.

Student B: Listen and reply to Student A's suggestions. Suggest a third activity.

Student A: Listen to Student B's suggestion and give an answer.

For more practice, go to the Ministry of Education website.

 Life Skills

Sometimes other people prefer to do different things from you. Remember to think about their opinions and feelings before you make a final decision together.

Reading

- Look at the brochure and find the following information.
 - Two reasons the garden is important It protects important plants and trees.
 - Two facts about history
 - The address of the park
- Read the email from Reem. What is Reem sending to Azza?

- Read the email again and answer the questions.

Reading

1 Read the conversation below. Who is Aya talking to? What are they talking about?

Hello. How can I help you, Aya?
 Hi. I bought a laptop last week. Yesterday, when I was doing my homework, it suddenly **turned off**. Now I can't **log in** and I think I lost my work!
 Was the computer **plugged in**?
 Yes, it was plugged in. I was **charging** the battery.
 Did you **turn on** the computer again?
 Yes, but then it said my **password** to log in was wrong.
 One moment please ... I just emailed you a form to **fill in** to get a new password. Log in again with that information. I hope that works!
 OK, thank you.

2 Match the verbs from the conversation to the pictures. Listen and check.

Discuss

Can you match the headings from a community survey with the photos?

What kind of community do we want to live in? Which of these are important to you?

- a Safe streets
- b Leisure and sports activities
- c Community projects and events
- d Local shops and facilities
- e Good transport
- f Equal opportunities

Reading: An article about a plan to help people; a community social network page; *David Copperfield*; an online message about a community project

Writing: An article about how to help people; a social network message about a community problem; a survey about your community

Listening: A conversation about a community survey; a discussion at a community meeting; people greeting and introducing each other

Speaking: Describing communities and community problems; using formal and informal introductions and greetings

Language: Adjectives ending in *-ing* or *-ed*

Life Skills: Participation: responsible behaviour; Respect for diversity

Find

Look through the unit. What community project did the *Mashrou El Saada* do near Aswan?

Listening

- 1  Listen to Fareed and Salah talking about the community survey. What facilities do they talk about?
- 2  Listen again and answer the questions.
 - 1 Which of the people or places in the photos help the community? How?
 - 2 Which of the photos shows a problem? What is it?

Speaking

- 3  Discuss the questions in small groups.
 - 1 What do you think are the best things about your own community?
 - 2 Are there any facilities for the elderly and disabled people?
 - 3 Are people doing anything to improve the facilities? What?

I like our sports facilities, but I think we could make our streets safer. I think they're going to put up new streetlights soon.

Remember!

- Use the present continuous to talk about finished future plans (usually at a specific time or place) and arrangements.

We're **starting** a project next month.
They're **discussing** this problem at the next community meeting.

What **are** we **going to** do about it?

Speaking

6  Work in pairs. Choose one of the following community problems.

- Too much traffic near the school
- Noisy neighbours
- No facilities for disabled people
- Not enough leisure activities for young people
- Graffiti on the walls of historic buildings

- 1 What are you going to do to improve the situation you chose?
- 2 How are you going to encourage people to help you do this?

For more practice, go to the Ministry of Education website.

Reading

1 Ask and answer the questions in pairs.

- 1 Charles Dickens wrote *David Copperfield* in 1849. What do you think life was like for poor people at this time?
- 2 What do you think poor children who could not go to school did?

2 Read and check your answers to Exercise 1.

David Copperfield

by Charles Dickens

I was working in the factory when one day, my manager **greeted** me.

'You have a visitor,' he said, 'This is Mr Micawber.'

'Pleased to meet you, David,' said the man. 'I'd like you to be my **lodger**.'

He took me to his house after work. It was as poor and old as he was. He lived there with his thin wife, their baby and two small children.

'I never thought that we'd need a lodger,' said Mrs Micawber. 'But we don't have enough money, you see.'

I was ten years old and I had no help from my family, but my money from the factory **paid** for my food and room.

The Micawbers were very kind, but they were even poorer than me. One day, Mrs Micawber said, 'We have nothing to eat in the house!'

I tried to give her some money.

'I can't take this,' she said. 'But we have some things that we can sell. Can you help us?'

So I sold some of their old books and furniture. I gave the money to Mrs Micawber, and she was able to cook us all a healthy meal.

3 Read the story again. Find a sentence from the story that shows that:

- 1 Mr Micawber did not know David. 'Pleased to meet you, David,' said the man.
- 2 Mr Micawber was not very young or rich.
- 3 Life was difficult for David.
- 4 Mrs Micawber did not want to take money from David.
- 5 David helped Mrs Micawber and her family.

4 Choose the best meaning for the words in bold from the story.

- 1 greeted: **hit** / was kind to / said hello
- 2 lodger: someone who pays to **live** / work / study in another person's house
- 3 paid: gave money for work someone has **done** / cooked / showed

Speaking

5  Ask and answer the questions in pairs.

- 1 Why did the Micawbers want David to be their lodger?
- 2 In what ways did people in David's community help each other?

Speaking

1 Discuss these questions in pairs.

- 1 In *David Copperfield*, how did the manager introduce Mr Micawber to David?
- 2 How did Mr Micawber greet David?
- 3 Was it an informal or formal situation? Give reasons for your answer.

2 Look at the greetings and introductions below. Write if they are formal (F) or informal (I) (some can be both)

1 I Hi there John!
Meet Joe.

2 Hello, Mr Reda. Have
you met Mr Shaker?

3 It's a pleasure to

7 Nice to meet you.

8 Pleased to meet
you, too.

9 Have you been
introduced to my
mother.

Listening

3  Listen and match the conversations 1-3 with the pictures a-c.

Speaking

4 Work in groups of three. Use suitable formal or informal greetings and introductions.

Student A: You are with your cousin. You meet a friend of yours who doesn't know your cousin.

Student B: It is your first day as a volunteer at a community project. Introduce yourself to another volunteer student and an adult working there.

Student C: You are with your parents when you meet a friend. Introduce your friend to your parents.

Remember!

- Use **formal** language with people you don't know.
- Use **informal** language with family and friends.

For more practice, go to the
Ministry of Education website.

Reading

- Look at the photo of a community painting project and discuss the questions in pairs.
 - Why do you think they painted the house like this?
 - How do you think people felt while they worked on this project? Why?
- Read the message in the social network service page, and answer the questions.
 - Where is the writer sending the message to?
[To a community network page.](#)
 - What is the problem with the library?

To start with,

Message

Firstly, let me say how much we all love our Children's Library. **However**, it now needs some work. The children don't like it anymore because it looks old and needs painting. We want to encourage children to use the library again.

At our community meeting, we decided to improve the building. We want to invite you to help us. We got some ideas from the *Mashrou El Saada* community project. You can see a photo of their work above. Every year, a group of people go to Heisa, near Aswan, to paint the houses in 'colours of happiness'. We are going to do the same thing here! It will make our library look exciting. **Furthermore**, the library will become a tourist attraction.

To conclude, we are looking for volunteers to help us plan and complete the project. If you are interested, please contact me!

Writing

- Write a message to a social network service about a community project.
 - Think of a community project that is planned, or that people could do in your community.
 - Introduce the reasons for the project and give information to answer these questions.
 - What is your project going to do?
 - What do you want to encourage people to do? Why?
 - Use some of the expressions from the table in Exercise 3.
 - Write a conclusion.

Review

1 Complete the text with the words in the box.

bench elderly encouraged greeted kindness neighbourhood pavement

I'd like to say thank you to the young woman who helped me yesterday. I was walking along the **1 pavement** when I suddenly felt very tired. I'm **2**, you see. A young woman saw me and **3** me warmly. She **4** me to sit down on a **5** and have a rest. It was so wonderful to be treated with such **6**. That's why I'm so happy to live in this **7**. Amr: No, not really. In fact, it's quite ¹ **bored / boring.**

Adam: What kind of books are you ² **interested / interesting** in?

Amr: I like ³ **excited / exciting** stories. I thought this one looked good, but as soon as I started reading it, I was ⁴ **disappointed / disappointing.**

Adam: I read it last year, but I thought it was ⁵ **amazed / amazing!** The ending is ⁶ **surprising / surprised.**

Amr: Well, your review makes it sound very ⁷ **interested / interesting.** Perhaps I should finish it!

3 Discuss these questions about your community in pairs.

- 1 What transport facilities are there? Can they be improved?
- 2 Does your community have equal opportunities for disabled people and the elderly? If not, what is needed?
- 3 What leisure and social facilities are there? Can they be improved?

We have good buses, but the nearest metro station is very far from our neighbourhood.

I agree. I think we need wider, safer pavements so that we can walk safely to school.

For more practice, go to the Ministry of Education website.

Project

Work in groups. Do a survey to find out other students' opinions about their community.

- 1 What topics do you want their opinions to be about?
- 2 What questions are you going to ask to find out their opinions? Look at the survey on page 22 for ideas.
- 3 Do your survey.
- 4 Exchange your survey with another group. Answer the questions.
- 5 Write a summary of the results of your survey. What do most people like or want to improve about the community?
- 6 Display your survey results in the classroom for everyone to read.

Reading

2 Read the texts about two teenagers. How do they want to help the community?

I'm really excited about this week as I'm going to start my new volunteering job! My basketball team are going to play basketball with some disabled children and teach them about the game. I love children (I have three younger brothers and sisters) so I think it will be really fun. I'm happy I can volunteer with my friends, too. I think it is important that people help their community.

Tarek

My friend and I are looking for some volunteer work. We want to help elderly people or young children. We both like little children! We are going to ask at local community centres about reading to elderly people and local schools about helping young children to read. We read a lot in our spare time but we want to do something useful for other people.

Judy

3 Complete the sentences with *both ... and*, *either ... or* or *neither ... nor*.

- Both Tarek and Judy like children.
- Tarek Judy is working as volunteers now.
- Judy wants to work with elderly people children.
- Tarek is going to play teach basketball.
- of the teenagers are going to volunteer with their friends.

Writing

4 Write an email of about 100 words asking a friend to go to a community event. Explain where and when it is and what you can both do to help.

For more practice, go to the Ministry of Education website.

Language: The present perfect with *ever*, *never*, *for* and *since*

Life Skills: Communication

Discuss

Which of these things have you done?

ridden a horse

snorkelled in the sea

travelled by plane

been to a football match

Research

Where is it best to snorkel in Egypt and why?

played a musical instrument

visited an orphanage

Find

Look through the unit. Who wrote *The Adventures of Tom Sawyer* and *The Adventures of Huckleberry Finn*?

Reading

1 Adam asked the people in his class about their experiences. Look at the graph and read his report. Answer the questions.

- Which two things have the most people in his class done?
- Which two things have the fewest people done?

I asked the people in my class about their **experiences**. Most people in the class have played a musical instrument. Not many people have ridden a horse or slept in a tent. Even fewer people have snorkelled. Most people in the class have never travelled by plane, but Hazem has travelled by plane three times! I also asked, 'Have you ever been to a football match?' About half the people in the class haven't been to a football match and about half the class have.

Experiences of people in the class

Language

The present perfect

- Use *have/has* + the past participle to talk about things that we have done at some time in the past (past experiences). We don't need to say *when* we did something.

They **have ('ve) ridden** a horse.

He **has ('s) travelled by** plane.

I **have not (haven't) played** a musical instrument.

They **have ('ve) never travelled by** plane.

Have you ever been to a football match?

Has she ever ridden a horse? Yes, she **has**./No, she **hasn't**.

2 Complete the sentences with the correct form of the present perfect.

- Hania has played (play) tennis many times.
- It is Lara's birthday today and she (eat) a lot of cake!
- I (not/read) that book.
- you ever (be) to Giza?
- Lina ever (see) that film?

3 Work in groups.

Ask the people in your group about their experiences using the pictures from page 34 or think of your own ideas.

Have you ever played volleyball?

Yes, I have.

Writing

4 Complete the sentences.

Most people in my group have, but not many people have

Lesson 2

Speaking

- 1 Ask and answer these questions in pairs.
 - 1 Which people in your family have been to another country?
 - 2 Has anyone in your family climbed a mountain?
 - 3 Have any of your cousins got married?
 - 4 Have your parents always lived in the same house, or have they moved?

Listening

- 2 Discuss the questions in pairs.
 - 1 How much do you know about the lives of the older people in your family?
 - 2 Do you think it is important to learn about the history of your family? Why?
- 3  Listen to Talia talking to her grandmother and answer the questions.
 - 1 Have Grandad and Grandma lived in their house for a long time?
 - 2 How do you know?
- 4  Listen again and answer the questions.
 - 1 When did Talia's grandmother move to the house she lives in now?
When she got married.
 - 2 How long has Talia's grandmother been married?
 - 3 When did Talia's grandmother and grandfather meet?
 - 4 When did Talia's mum and dad move to their house?
 - 5 Where did they live before that?

Life Skills

We can learn a lot from elderly people, but they can be very sensitive. Listen to them carefully and give them an opportunity to ask questions and express themselves.

Language

5 Look at these sentences from Talia's conversation and choose the correct word.

I've lived in the same house since I was born.

Your mum and dad have lived in that house since 2008.

We've been married for over 50 years.

They've known each other for a long time.

- 1 We use **for / since** for a period of time (e.g. six years, a month, two days).
- 2 We use **for / since** for a point in time (e.g. 1990, one o'clock, yesterday).

Remember!

The present perfect tense comes before *since* and *for*. The past simple tense comes after *since* if there is a subject.

6 Complete the sentences with *for* or *since*.

- 1 Lama has had her phone *for* two years.
- 2 Mr Sabri has been at this school 2020.
- 3 Hatem has lived in Alexandria many years.
- 4 Malak has been friends with Injy they were children.
- 5 Fady has had a headache about an hour.
- 6 Kamal and Lina have been married last year.

Speaking

| 5 | <input type="checkbox"/> | win | e | a sports club |

2 Read the texts and answer the questions.

- Where does Maher live?
- What language does Azza use? Why?
- Why does Wael live with his grandparents?

Maher

I have lived in a village in the south of Egypt all my life. I have never been to another country, but last year I visited Cairo with my uncle and my cousins! It was so big and busy, but it was fun. We went to lots of museums because I am very interested in history.

Azza

I have had hearing problems all my life and I learnt sign language since I was a baby. When I first started school, I went to a special school for **deaf** children. Now, I have been at a local school for three years. I am the only **hard of hearing** person in my class. Sometimes it is difficult, but I have a teacher who can use sign language to help me. She explains things I can't understand in sign language. Some of my friends have learnt some sign language, so they can help me, too.

Wael

My parents died when I was a baby so I have lived with my grandparents since I was one. We used to live in the **countryside**, but we moved to the city three years ago. I like living here, there is lots to do. I joined a handball club and I have won lots of matches with my team. It's really fun.

3 Read the texts again and tick the correct person or people.

Lesson 4

Reading

Mark Twain was an American writer who wrote fun novels. He wrote *The Adventures of Tom Sawyer* and its **sequel**, *The Adventures of Huckleberry Finn*. Both novels are about the adventures of teenage boys.

- 1 Read the two stories. Who thought that somebody was lost? Who travelled in a canoe? Why did they think or do these things?
- 2 Look at the words in red. Use a dictionary to check the meaning. Write them in your notebook.
- 3 Read the stories again. Are these sentences *true* (T) or *false* (F)? Correct the false sentences.
 - 1 Aunt Polly did not know that Tom was in the forest. T
 - 2 Tom had a dream that he was playing a game.
 - 3 Aunt Polly and Mary wanted Tom to think more about other people.
 - 4 Huckleberry lost the raft in the fog.
 - 5 Jim had a bad dream.
 - 6 Huckleberry felt bad because he scared Jim

Speaking

- 4 Ask and answer the questions in pairs.
 - 1 What are the similarities and the differences between the two stories?
 - 2 Why did Tom and Huckleberry both say that they were sorry?
 - 3 When is it important to say sorry to somebody?

The Adventures of Tom Sawyer

They did not see Tom all day. All the time that Tom was playing games in the forest, his Aunt Polly worried about him. She thought he was lost or badly hurt. She was so happy when he returned and told her that he was fine.

'It was just a game, Aunt Polly,' said Tom.

'I'm sure it was a fun game for you, but we all worried about you. We didn't know where you were. Why didn't you tell me?'

'I told you in a **dream**,' said Tom. 'I just forgot to tell you when I was **awake**.'

'He never thinks of other people,' said his cousin Mary.

'Yes, you should think about other people,' said Aunt Polly.

'You know I **care about** you, Tom. Try to remember how other people feel.'

'I'm sorry that I didn't tell you,' said Tom. 'It won't happen again.'

The Adventures of Huckleberry Finn

Jim and I were on a **raft** going down the river when it became foggy. I left the raft to try and find a place for us to stop for the night. I got into a small **canoe** and went along the river. Then I tried to return. However, it was so foggy that I could not see the raft! I called out but I could not hear Jim.

My canoe went down the river for a long way, and I hoped the raft was **following** me. I travelled all night, but the next morning, it was not foggy and finally I saw Jim. He was sleeping on the raft.

I climbed on the raft and said, 'Hello, Jim. Have you been sleeping?'

'I was scared!' he said. 'I couldn't see anything because it was foggy!'

He looked angry. 'I had a terrible night, Huck!' he said. 'It was like a bad dream.'

'I'm sorry,' I said. From that time, I decided I would never scare him again.

Listening

1 Discuss this question in pairs.

Can you remember what bad thing happened to Jim in *The Adventures of Huckleberry Finn*?

2  Listen to Nihal telling a story and answer the question.

What bad thing happened to Nihal?

3  Listen to Nihal again and answer the questions.

a Introduces her story. <input type="checkbox"/>	b Says where the story happened. <input type="checkbox"/>
c Says when the story happened. <input type="checkbox"/>	d Explains how she felt. <input type="checkbox"/>
- 4 Do you think that Nihal told her story well? Why? Tell your partner.

Speaking

5 You are going to tell a story about something that happened in your life.

- 1 Think of an interesting story that has happened to you. It might be something good (e.g. a holiday) or something bad (e.g. a problem that you had).
- 2 Answer these questions to make notes about your story.
 - When? Where?
 - What happened?
 - How did you feel?
- 3 Work in groups. Take turns to tell your story.

Life Skills

When you are giving a talk or telling a story, try to organise your ideas before you talk. Think about making your story more interesting by adding adverbs and adjectives. For example:

Suddenly, there was a **huge, noisy** storm!

Today I'm going to tell you about a good thing that happened to me.

Lesson 6

Reading

1 Read about Munir and answer the questions.
Use your dictionary to check the meaning of difficult words.

- 1 What does Munir find difficult? Why?
- 2 What has Munir achieved in his life?
- 3 What job does Munir want to do?

I was born in Cairo and I have lived there all my life. **When** I was little, I always loved to draw and paint but I found reading and writing very difficult. At school, I didn't always understand the lessons and it was really hard. I thought I wasn't very clever.

Then my parents and the school decided to take me for some tests. They **discovered** that I had **dyslexia**. This means it is difficult for my brain to read and spell. **After that**, I got more help at school and I started to understand more.

When I took my exams, I got really good **results**! I was surprised and happy. **Later**, I got a prize for my art and then I decided I would like to be an artist one day. **Now**, I **volunteer** at a charity for other children with dyslexia and teach them about art.

Remember!

Dyslexia is a learning disability which affects reading and writing. Many smart people have dyslexia. They can understand and see well, but they have problems with reading.

2 Complete the timeline of Munir's life in your notebook.

born in Cairo loved drawing and painting

3 Look at the expressions in red in the text.
What do we use these words for?

Speaking

- 4 Ask and answer the questions in pairs or small groups.
- 1 What important things have you achieved in your life?
 - 2 When did you do them?

I have learnt to swim.

When did you learn that?

Reading

1 Read the article quickly. What did Samar design?

Samar Abdelfattah

Samar Abdelfattah has always been interested in space. As a young child, she wanted to be an astronaut. After she finished school, she went to Cairo University to study space engineering.

While Samar was at university, a space technology company had a competition. Students had to design a **hyperloop** – a new, very fast form of transport that travels above the ground. Samar decided to enter the competition and asked other engineering students from the university to join her team.

Teams of students from universities all around the world entered, but Samar's team was the only one from Africa or the Middle East. They worked hard on their design and they won the competition. Samar travelled to the USA to receive the **award**.

Three years later, Samar started her own company. Now she is a space engineer and a business person. She also gives **speeches** to other young engineers to help them achieve their **goals**.

2 Read the article again and complete the sentences. Use your dictionary for difficult words.

- 1 Samar wanted to be an **astronaut** when she was young.
- 2 Samar studied at Cairo University.
- 3 A space company had a competition and Samar entered it.

Reading

- 1 Read Judy's biography of her friend Aya. Tick the things Aya has done in her life.

My friend Aya has always loved writing stories and poems. When she was six, she won a prize for a poem she wrote! She has already written a book of stories. Now, she's writing her second book, but she hasn't finished it yet. She really likes to be **creative**. She has played the guitar for three years now. She's played in two concerts already. She felt very nervous but she was amazing!

Aya would like to volunteer to teach writing and music to children one day. Her other dream is to **create** an **app** to help children learn. She hasn't been to another country yet, but there are lots she wants to visit! Maybe we can go travelling together.

- 1 won an award or competition
- 2 learnt a musical instrument
- 3 worked as a volunteer
- 4 created an app
- 5 travelled to another country
- 6 written a book
- 7 played in a concert

- 2 Match to make sentences about Aya.

Teen problems

1  Nobody knows that I failed my English speaking test, and I feel very embarrassed about it. Yesterday, I told my best friend and I said, 'Please don't tell anyone because nobody knows. It's a secret'. The next day, my friend's mother, who is British, offered to help me with my English. I felt very unhappy with my friend because she told somebody. She said she was only trying to help me, but I don't want to tell her any of my secrets any more.

Magda

- 1 What problem was Magda embarrassed about? She failed her English speaking test.
- 2 Why is she unhappy with her friend?
- 3 How is Magda going to change her behaviour with her friend now?
- 4 Why does Salma think her friends are different to her?
- 5 How does Adam feel about science subjects?
- 6 Why is he anxious about what his parents will think?

Speaking

3  Discuss the questions in pairs.

- 1 Do you think that it was wrong for Magda's friend to tell her mother about Magda's problem? Why?
- 2 Do you think that you can feel lonely even if you have a lot of friends? Why?

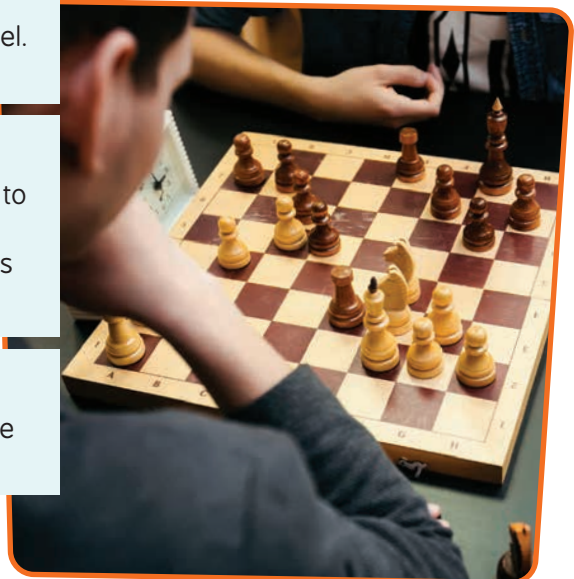

Reading

4 Read and match these answers a–c to the people who have the problems in Exercise 1. Do you think this is good advice? Why?

a You should talk to them and tell them how you feel. They might be more understanding than you think.

b Your friend shouldn't tell anyone your secret. Friends must keep secrets. However, you don't have to see this as a negative thing since she only wanted to help. Why don't you think about your friend's mother's kind offer?

c How about joining a club to meet people with similar interests? You don't have to belong to only one group of friends.

Language

Remember!

- Use *must* to talk about things that are necessary, and *mustn't* for things that are necessary to avoid.
Friends **must** keep secrets. I **mustn't talk** to some people in the class.
- Use *have to* when something is essential to do (you have no choice), and *don't have to* when something is not essential to do.
I **have to** be good at science subjects. You **don't have to** see this as a negative thing.
- Use *should* / *shouldn't* for advice or to talk about things that are or are not a good idea to do.
You **should** talk to them. People **shouldn't** tell others this sort of information
- Use *might* to say that something is possible or uncertain.
They **might** be more understanding than you think.
I **might** go to the stadium, but I'm unsure.

Writing

5 Read the problem and then write your advice in your notebook. Use some of the verbs from the *Remember!* box.

I find it difficult to feel positive about school these days. I am anxious about my exams, and I often feel lonely. I am too embarrassed to tell anyone that I feel upset.

Reading

1 Read the blog quickly and answer the questions. Use your dictionary for difficult words.

- 1 What negative experience does it describe?
- 2 What message does Hussein want to share with the readers?

Hussein

I always wanted to be part of a certain group of popular students. One day, they suggested that we **cyberbully** a boy in my class called Eyad, so I wrote an unkind comment about him on social media.

I thought that my friends would think it was funny. I didn't realise that they were **joking**, and I was the only one to write an unkind comment.

Eyad read my comment and the next day he didn't want to come to school. I had to tell my parents, and they couldn't understand why I did it. Then, the other students did not want to **include** me in their group. I am so embarrassed about what I did.

However, I hope my experience will have a positive result, too. I didn't have to do what my friends suggested. You should think before you do something. Some online messages can hurt people very badly.

I was able to say sorry to Eyad the next day. He is very kind and now we are friends. So, you should choose your friends carefully and always be kind to people.

Hussein

2 Read the blog again and answer the questions.

- 1 Why did Hussein want to be friends with a certain group of students?
They were popular.
- 2 Why did he write an unkind comment about Eyad?
- 3 How did Eyad feel when he read the unkind words?
- 4 How did Hussein's parents feel when they heard the news?
- 5 What was Hussein able to do the next day?

Life Skills

It is important to apologise when you do something wrong. It shows that you are brave enough to face your mistakes.

Speaking

3  Discuss the questions in pairs.

- 1 Do you think that Hussein is still good friends with the popular students? Why?
- 2 Do you think that Eyad is a good friend? Why?

Language

4 Complete the sentences with *had to*, *didn't have to*, *was able*, *wasn't able*, *could* or *couldn't*.

Reading

1 Read the definition of *mindfulness*. Which three things do you think people do in a mindfulness class? Discuss in pairs.

- try to remember facts
- breathe slowly
- relax
- try to think about the present, not the future or past
- go to sleep

mindfulness [noun]: being able to relax by calmly thinking about your feelings and what is around you at the moment.

2 Read the text and check your answers to Exercise 1. Use your dictionary for difficult words.

THE DAILY NEWS

As part of a plan to improve students' **mental health**, more than 350 schools in the UK recently introduced mindfulness as a part of the timetable. In a mindfulness class, students learn to **breathe** slowly and to only think of the present. It isn't easy.

We usually think about things we have done in the past or things we have to do in the future. However, trying to think only about the present helps us to **relax**, and to really think deeply about everything we are doing at the moment. This helps

to stop us from feeling anxious or worried about things we have done or have to do. Students say that mindfulness helps them to feel better about themselves, and afterwards, they do better at their school work, too.

Listening

- 3  Listen to some students talking about mindfulness. Put the following things they mention in the correct order.
- 4  Listen to the students again and answer the questions.
- 1 Which negative feeling does one of the speakers mention? Feeling angry.
 - 2 What does mindfulness teach you to do with negative feelings?
 - 3 How can breathing help you?
 - 4 Why does mindfulness teach us not to think about the future or the past?
 - 5 How can you find happiness in a simple thing like eating your favourite food?

a try to think about only what is around you

b find happiness in everyday things

BE MINDFUL!

c understand your feelings

d breathe in and out slowly

Speaking

- 5  Discuss the questions in pairs.
- 1 Would you like to try mindfulness? Why?
 - 2 How do you think mindfulness could help you?

Speaking

1 Work in pairs. Tick ✓ what you think a good listener does.

A good listener ...

- 1 doesn't tell me what to do.
- 2 gives me advice but only if I ask for it.
- 3 tries to talk about something else.
- 4 listens without **interrupting** me.
- 5 looks interested in what I am saying.
- 6 asks questions to make sure they really understand the problem.
- 7 tells me about their own problems.
- 8 shows that they are listening.
- 9 tells me everything is OK and my problem isn't serious.
- 10 tries to help me explain my feelings more clearly.

Listening

2 Listen to four conversations and answer the questions.

- 1 Which listeners 1–4 have good listening skills? Listeners 2 and 4
- 2 What mistakes are some listeners making?

3 Listen to the conversations again and complete the expressions the speakers use to show that they are listening.

an example clear Go on make you feel say see tell

- 1 Tell me about it. What happened? 2 It might help to talk about it, you know.
- 3 I What makes you that? 4 It's you are unhappy about it.
- 5 Can you give me of what you mean? 6 That must very sad.

Speaking

4 Work in pairs. Take turns to be A and B.

Student A: Tell Student B that you are anxious about your exams. Then listen to your partner. Show good listening skills.

Student B: Listen to your partner. Show good listening skills. Then tell Student A that some people are unkind to you.

Reading

- 1 Read about Dalia's day. Which parts of the day are positive for her? Which are negative? Use your dictionary for difficult words.

Dalia gets ready for school. She can hear her parents talking to her older brother. He is not doing well at school and they are worried about his exams. She is worried about her brother, too. Before leaving for school, she says goodbye to her brother. He does not look happy and this makes her feel even worse.

Dalia tries to stop her brother playing video games. She tells him that he should study, but he does not listen. Then she looks on social media for some advice, but she can't find anything useful. Instead, her friends just tell her about what they did that day.

The first lesson at school is science. Dalia works hard and does some good work.

The afternoon lessons don't go well. Dalia can't stop thinking about her brother. How can she encourage him to work harder?

Dalia goes home. Her brother is playing video games. Dalia's parents don't know what to do about him.

She wants to tell her friends about her worries, but she finds it difficult to talk about her feelings. So she tells them she had a good day.

- 2 Read the text again and answer the questions.

- 1 Do Dalia's lessons go well in the afternoon? Why?

No, they don't go well. She can't stop thinking about her brother.

- 2 How do the other members of Dalia's family feel? How does this make Dalia feel?

- 3 In what ways does Dalia find social media unhelpful?

- 4 Why don't Dalia's friends realise how she really feels?

- 3  Discuss this question in pairs.

What do you think might happen if Dalia ...

- talks to her friends about her problems?
- talks to a teacher?
- does nothing?

- 4 How can you help Dalia? Discuss your ideas with the class. What do you all agree on?

Research

How much of Egypt is a desert habitat?

3

polar bears

4

caracal

5

frog

Find

Look through the unit. Which animal can sleep standing up and can live in almost any habitat?

Listening

- 1  Listen to a talk about habitats. Which of the habitats from page 2 does the speaker talk about?
- 2  Listen again and answer the questions.
 - 1 Where are coastal habitats found?
They are found along the coast of the sea.
 - 2 Why does the **caracal** like a grassland habitat?
 - 3 Which kind of habitat gets the most rain?
 - 4 Where do more than half of the world's animals live?
 - 5 What kind of habitat is the area around the Nile Delta called?
 - 6 Why do you think that only a few animals can live in polar habitats?

Language

Remember!

Use the verb *am/is/are* + past participle (the present simple passive) when the action is more important than who does it, or when we do not know (or it is not important) who did something.

People **call** warm, wet areas a rainforest. (active) → Warm, wet areas **are called** a rainforest. (passive)

We **know** these areas as polar habitats. (active) → These areas **are known** as polar habitats. (passive)

- 3 Work in pairs. Take turns to be Student A and Student B.

Student A: Describe a habitat for your partner to guess. Try to use the present simple passive.

Student B: Listen to Student A. Name the habitat and an animal that lives in that habitat.

These habitats are found at the top and the bottom of Earth. They are covered by ice.

They are polar habitats. Polar bears live there.

For more practice, go to the Ministry of Education website.

Reading

- 1 Read the online article quickly and discuss the questions in pairs.
- How many of these places do you know about?
 - Which other natural wonders of Egypt would you add to the list?

Natural wonders of Egypt

Egypt is visited by more than 14 million tourists every year. We have made a list of the natural **wonders** of Egypt that we think visitors should know about.

	1 White Desert National Park	2 Al Nayzak Lake	3 Gebel Elba
Where?	This huge desert starts on the western side of the River Nile and continues into Libya.	This natural lake is a three-hour drive from Hurghada.	This national park is surrounded by grasslands, between the Red Sea coast and the mountains.
What?	It contains five oases , with rocks that the wind has made into strange shapes .	The lake is called the Shooting Star by locals, because it is believed that a piece of a star (a meteorite) fell into it. The lake is cut out of the rock in the shape of an eye and is filled with the bright blue water of the Red Sea.	This national park takes its name from the mountain in the middle of it.
Why is it a 'wonder'?	The colours change at different times of day, and make them beautiful to look at.	It is described by visitors as one of the best places to dive and swim.	It is unusually green and home to many animals and birds. However, as it isn't easy to reach, it isn't visited often. Its location should help to protect the wildlife there.

- 2 Read the article again and match the fact files with the photos.
- 3 Read the article again and answer the questions.
- What caused the strange shapes of the rocks in the White Desert National Park? The wind.
 - How does the time of day change the appearance of the rocks?
 - What do people think fell into Al Nayzak Lake?
 - Which kinds of habitats can be found at Gebel Elba?
 - Why isn't Gebel Elba visited by more tourists?

Language

4 Rewrite the sentences in the passive with *by*.

1 Many people visit the national park every year.

The national park is visited by many people every year.

2 Every year, turtles lay eggs on the beach.

3 Birds and animals eat some of the turtles' eggs.

4 Volunteers clean the park and beaches.

5 We don't cut down trees.

Listening

5  Listen to Randa and Nihal discussing a natural wonder of Egypt. Why is it a good idea to ask local people to take you to Wadi al-Weshwashy on a day-trip?

6  Listen again and complete the table.

	Wadi al-Weshwashy
Where is it?	
What can you see?	
What can you do there?	

The passive with *by*

Use the passive with *by* when you need to focus on the person or thing doing the action.

More than 14 million tourists visit Egypt every year. → Egypt **is visited by** more than 14 million tourists every year.

Locals call the lake 'The Shooting Star'. → The lake **is called** 'The Shooting Star' **by** locals.

Grasslands surround the national park. → The national park **is surrounded by** grasslands.

Tourists don't visit Gebel Elba.

→ Gebel Elba **isn't visited by** tourists.

Writing

7 Choose a place that you think should be one of Egypt's natural wonders. Use the fact file in Exercise 6 as a model to write a fact file about it. Also show why it should be a wonder.

Speaking

8 Work in pairs to ask and answer questions about your fact file.

Where is it?

It's near Aswan.

What can you see?

Life Skills

How do we show respect for nature? Tick.

- I think about how much water I use.
- I don't destroy plants or trees.
- I take nothing from nature – only photos.
- I put litter in the bin.
- I try not to pollute the environment.

For more practice, go to the Ministry of Education website.

Reading

1 Look quickly at the title of Huda's project and the photos. Discuss the questions in pairs.

- 1 What do you think a fossil is?
- 2 What fossils of animals do you expect to find in the desert?

2 Read the project and find a sentence to show the following.

- 1 There are a lot of animal fossils at the Fayum Depression but they are not what you think.

Many ancient fossils are often found here, but the species of animal fossil might surprise you.

- 2 In 1902, scientists found many whale fossils.
- 3 Some of the fossils were not damaged and were very long.
- 4 Wadi al-Hitan is now a famous international place.
- 5 Not many people go there.
- 6 Scientists will learn more about the whales in the future.

Vocabulary

3 Complete the sentences with the words in bold from the text.

- 1 In the museum, we saw some **fossils** of animals that lived thousands of years ago.
- 2 The village is 80km from the nearest city. It is very **remote**.
- 3 My grandmother always **preserved** fruit in a jar with sugar and water.
- 4 The longest snake in the world is more than six metres in **length**!
- 5 Scientists are still discovering new **species** of plants and animals every year.

Speaking

- 4  Discuss in pairs. What is a depression? Does it have the same weather as the desert? Why?

Fossils of the desert

The Fayum Depression is an area of desert, southwest of Cairo. Many ancient **fossils** are often found here, but the **species** of animal fossil might surprise you: crocodiles, turtles and whales. The most amazing fossils are the whale fossils. At Wadi al-Hitan, 'The Valley of the Whales', hundreds of fossils of ancient whales were found by scientists in 1902. The scientists were surprised to find out that these whales had legs, so they once walked on land.

In 2005, the fossils at Wadi al-Hitan were studied by a team of international scientists. The fossils were **preserved** really well and some of them were 21 metres in **length**. It was discovered that these whales belong to the same family of animals as camels and giraffes.

The fossils are so important that Wadi al-Hitan was called a UNESCO World Heritage Site in 2005. However, it is very **remote**. As a result, it is only visited by about 1,000 people a year.

Today, Egyptian scientists are studying some of the fossils at Mansoura University using some of the latest technology, and they hope to learn more about these amazing whales of the desert.

Language

5 Write these sentences in the past simple passive.

- 1 Scientists found animal fossils in the Fayum Depression.

Animal fossils were found in the Fayum Depression.

- 2 A team of scientists studied the fossils at Wadi al-Hitan.
- 3 About 1000 people visited Wadi al-Hitan last year.
- 4 Some researchers found whales with legs.

6  Listen and choose the correct answer.

1 Look at the photo of horses and carriages and discuss the questions in pairs.

- 1 What job do you think the horses do?
- 2 Do you think the horses enjoy this work? Why?

2 Read this part of a story about a horse called Black Beauty by Anna Sewell. What problems did Ginger have?

3 Choose the best meaning for the words in bold from the story.

- 1 carriage: something that people **travel / work / live** in, that is pulled by a horse
- 2 owner: the owner of an animal is the person who has **bought / seen / used** it
- 3 stable: a building where a horse **learns what to do / sleeps / works**.
- 4 treat: if you treat someone well, you **laugh at / are nice to / are unkind to** them

4 Read the story again and answer the questions.

- 1 Why did some of the horses work all night?
The drivers were very poor.
- 2 Why was this a problem during the next winter?
- 3 In what ways was Black Beauty lucky?
.....
- 4 How do we know that Ginger is not very healthy?

Black Beauty

By Anna Sewell

The next winter was very hard for all the horses. The weather was terrible. There was rain every day and it was often windy. Some of the drivers were very poor, so their horses worked all night. Other horses did not have **stables**. They stayed out all night and got wet and cold. I was lucky because Jerry was a kind **owner** and I was always put in a warm stable.

One day Jerry and I waited for work next to a park. I watched as an old **carriage** drove up next to us. It was pulled by a horse who was thin and looked tired. I looked again and saw that it was my old friend, Ginger. She looked terrible.

We talked for a short time. Ginger was very unhappy. She had had many different homes and worked very hard. All her owners were unkind to her and **treated** her badly.

'You're my only friend,' Ginger told me before her owner drove her away.

I understood that I had a much better life than many other horses.

Speaking

5  Discuss the questions in pairs.

- 1 What do you think will happen next to Ginger?
- 2 What other animals are used to do work for us?
- 3 How should you treat animals that work for us?

Listening

- 1  Listen to Samir and Taha discussing the story of *Black Beauty*. Choose the correct answers.
- 1 What doesn't Samir understand?
 - a What the word 'personification' means.
 - b What the story is about.
 - 2 How does Taha explain it to Samir?
 - a He repeats it.
 - b He gives an example, and tries to say it a different way.
- 2  Listen again and put the expressions in the order that you hear them.
- a I'm still confused. Could you say that another way?
 - b I'm sorry, but I'm not sure what you mean by that.
 - c Could you give me an example?
 - d When you say ..., do you mean ... ?
 - e Ah, I see. I understand that now.
- 3  Listen to three more conversations and match them with the topics they talk about a-c.
- a Explaining how something works
 - b Discussing an opinion
 - c Asking for directions

Speaking

- 4 Work in pairs. Take turns to be Student A and Student B. When you do not understand something, use the expressions from Exercise 2.

Student A: Ask Student B for directions to a place.

Student B: Give Student A directions to a place.

Introduction

There are about 30 different species of mongooses in the world.

Appearance

A mongoose has a long body, with short legs and a long tail. Their bodies are covered by thick **fur**.

Skills

Mongoose can see and hear very well, which helps them to find food and avoid danger. Mongooses are famous for fighting snakes. They are able to kill snakes by biting them.

Habitat

The mongoose is found in Africa, Asia and parts of Europe. It lives in forests, wetlands or grasslands, under the ground or rocks. In the 1800s, mongooses were taken to live in several islands in Hawaii and the Caribbean to control the rat **populations** there. However, they are **endangered**, mainly because of **deforestation** and loss of habitat.

.....
 Mongooses eat small animals such as rats, birds, frogs and lizards, and also seeds, eggs and nuts.

Lifestyle

Mongoose are **active** during the day and sleep at night. Although some live alone, many live in large groups of up to 50, where each one has a role to play: some hunt and others look after the young. They can live for up to ten years in the wild.

- 4 Write a paragraph giving information about the species of animal or bird you researched in your notebook.
 - Use examples of the present or past passive
 - Include facts, not opinions
 - Include labels on pictures or photos to explain new words.

Review

coastal fossils grasslands preserved species wetland

Much of the south of England is a ¹ coastal habitat next to the sea. Today, sheep and cows enjoy the green ² grasslands where they can eat. However, 250 million years ago, part of this coast was very different. It was then a hot, ³ wetland habitat where animals like crocodiles lived in the wet land. We know this because hundreds of ⁴ fossils are often found here. Many of them are very well ⁵ preserved, so scientists can study many ⁶ species of animals from long ago.

2 Write the sentences in the past simple passive. Remember to include *by* when necessary.

1 A volcano formed that lake hundreds of years ago.

That lake was formed hundreds of years ago by a volcano.

2 Last year, they built many new homes near the river.

3 Children from local schools planted hundreds of new trees.

4 The sea caused the unusual cave.

3 Correct the verbs in brackets.

1 This school (built) five years ago.

Listening

- 1  Listen to the radio programme. Which of the environmental problems on page 12 will this project help to stop?
- 2  Listen again and answer the questions.
 - 1 Where is this project happening? In Cairo, Giza and Fayoum.
 - 2 How many women volunteers are there?
 - 3 What do the volunteers ask the families to do?
 - 4 What do the volunteers give the families for their rubbish?
 - 5 What will the volunteers do with the rubbish?

Language

Remember!

Use *if/when* + present simple + *will* to talk about things in the future which we think will probably happen. **If families collect** their paper, plastic and metal, we **will pay** them for doing this.

- 3 Complete the sentences using the words in brackets.
 - 1 Our environment will be cleaner (recycle / our rubbish).
Our environment will be cleaner if we recycle our rubbish.
 - 2 If our seas become warmer, (coral reefs / die).
 - 3 If we burn plastic rubbish, (pollute / the air).
 - 4 We'll save water (only take / showers).
 - 5 Climate change will get worse (not take / more action now).

Speaking

- 4  Discuss these questions in small groups.
 - 1 Do you think that the recycling project in Giza, Cairo and Fayoum is a good idea? Why?
 - 2 What does your family do with waste plastic, paper and metal?
 - 3 What will happen if we don't recycle rubbish?

Reading

1 Discuss this question in pairs.

Do you know what causes climate change and what we can do to help stop it?

2 Read the article. What produces a lot of carbon dioxide?

Our planet is getting hotter and our weather is changing. There are more floods, **droughts** and forest fires than at any time in history. One of the reasons for this is **climate change**.

Climate change is caused by **greenhouse gases** such as carbon dioxide. These are made when we burn **fossil fuels** such as oil. Rubbish in **landfill sites** makes a greenhouse gas called **methane**. Deforestation also produces greenhouse gases. Trees **absorb** carbon dioxide from the air. When we cut down trees, the carbon dioxide stays in the air.

If we keep burning fossil fuels, climate change will get worse. So, we need to use cleaner **renewable energy** such as **solar energy** and wind power. We must start recycling more rubbish and stop putting rubbish in landfill sites. If we recycle more paper, we can avoid cutting down our forests. This will help **slow down** climate change.

3 Complete using words from the list.

fossil fuels absorb methane renewable energy solar energy

- 1 the sun gives us this solar energy.
- 2 a greenhouse gas from landfill sites
- 3 oil is one of these
- 4 clean energy from the sun or wind
- 5 to take in a liquid or a gas

4 Now write definitions for the other words in bold in the article in your notebook. You can use a dictionary.

5 Read the article again and complete the sentences.

- 1 Forest fires are increasing because our planet is getting hotter.
- 2 It is bad to put rubbish in landfill sites because
- 3 Trees keep the air clean by
- 4 Climate change will get worse if we
- 5 Solar energy and wind power are types of

Student A

Why is the planet becoming hotter?
 What gas does rubbish make when it is put in landfill sites?
 How does deforestation cause greenhouse gases?

Student B

What gases do we make when we burn fossil fuels?
 Why is recycling good for the environment?
 Why are trees good for the environment?

Language

7 Complete the sentences with the correct form of the verbs in brackets.

- 1 If we keep burning (burn) fossil fuels, climate change will get worse.
- 2 We need (use) more renewable energy.
- 3 The government plans (plant) a lot of trees along the sides of streets.
- 4 You can choose (recycle) your plastic bottles.
- 5 We can avoid (cut) down the trees by building the road in a different place.

Verb + to or -ing

Use verb + *to* with verbs such as *need*, *plan*, *choose*, *decide*.

We **need to use** cleaner renewable energy.

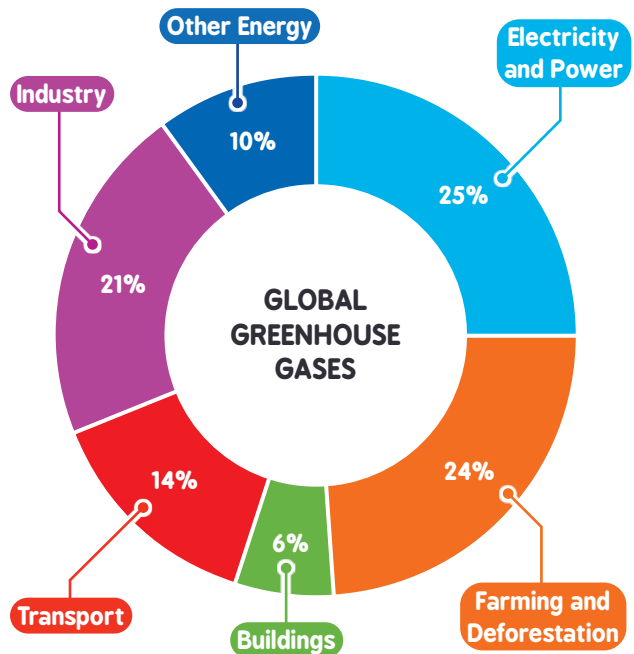

Use verb + *-ing* with verbs such as *keep*, *avoid*, *enjoy*.

We must **avoid polluting** the environment.

Speaking

8  Work in pairs. Look at the graph and answer the questions.

- 1 What makes the most greenhouse gases?
- 2 What makes the least greenhouse gases?
- 3 Does farming and deforestation make more or less greenhouse gases than electricity and power?

Our School recycling project!

The problem

Five classrooms in our school have a computer and a printer. At the moment, we throw away the printer **cartridges** with the school rubbish. But the **ink** inside printer cartridges is very bad for the environment. So we want to start a school recycling project.

What we are going to do

We have asked our head teacher, Mr Hamdi, if we can start a recycling project, and he said yes. He will let us put a recycling box in the classrooms with printers. We have written emails to all our teachers. We have asked them to put the old printer cartridges in the recycling boxes.

How you can help us

We will take the recycling boxes to the recycling centre every month. But we need volunteers to help us. If you would like to be a volunteer, please write your name and email below.

Thank you.

HASSAN'S BLOG

Weaving is an Egyptian tradition, but there aren't many **traditional weavers** in Egypt today. So I was surprised to see three weavers working on traditional **looms** when I visited the Reform Studio in Cairo.

When Mariam Hazem and Hend Riad were students at university, they wanted to do something about plastic rubbish. They found a way

of making old plastic bags into long **threads**, which they could make into **fabric** on a traditional loom. Then they used the plastic fabric to make colourful bags, chairs and small carpets.

Today their bags, chairs and carpets are sold in shops in Cairo and London. This is a fantastic project because it is great for the environment and great for one of our Egyptian traditions!

Seagrass

Seagrass is found in the sea along the coast of many countries. It is food for many sea animals, including turtles. Baby fish and sea animals live in seagrass **because** it is a safe place.

Seagrass helps keep the sea healthy and it can help stop climate change. **This is because** seagrass absorbs 10% of the ocean's carbon dioxide every year. Seagrass absorbs carbon dioxide 35 times faster than rainforests. **That is why** seagrass can help stop climate change.

About 90% of all seagrass has disappeared from the UK's coast in the last 100 years. **However**, there is an environmental project in the UK that is growing new seagrass. When the plants are big enough, divers will plant them along the coast. The plants will still be quite small. **Nevertheless**, they will grow into 20,000 square metres of seagrass.

Writing

- 5 Research one of the habitats in the photos below. Write a short report of about 110 words in three short paragraphs.
 - 1 Introduce your habitat and where it is.

Lesson 2

Reading

- 1 Discuss these questions in pairs.
 - 1 What do you think the photos show?
 - 2 Why do you think this is happening?
 - 3 How will this affect the people that live there?
- 2 Read the webpage. Check any new words in a dictionary. Why are mangrove trees unusual?

The screenshot shows a webpage with a green background featuring mangrove trees. At the top, there is a search bar with a magnifying glass icon and a home icon. The word 'ENVIRONMENT' is visible in the top right corner. The main heading is 'CLIMATE CHANGE' in large white letters. Below the heading, there are two columns of text. The left column discusses rising sea levels and the impact on farms. The right column discusses mangrove trees as natural defenses against rising sea levels and mentions a reforestation project in Egypt.

CLIMATE CHANGE

Climate change means that many countries have more floods now because of **rising sea levels**. Most trees and plants can't live in seawater. When seawater comes onto farms, the salt in the water kills the **crops** and farmers can't grow anything for many years. So, people lose their farms and their homes.

However, in hot countries like Egypt, **mangrove trees** grow in the sea along the coast. Mangrove forests protect farms and communities from strong winds and storms.

They provide homes for plants, fish and sea animals. If there were more mangrove trees, there would be fewer floods.

Now in Egypt, people are growing thousands of mangrove **seedlings** to plant along the Red Sea coast. The problems caused by rising sea levels could get worse if they didn't plant new mangrove forests. So, they are going to plant 300,000 seedlings every year. When they grow into mangrove forests, they will protect the coast from rising sea levels.

Vocabulary

- 2 What happens to farms when seawater comes onto their land?
- 3 Why are mangrove forests important?
- 4 What are they growing in Egypt?
- 5 Do you think we need to plant more mangrove trees near the Mediterranean sea? Why?

6 Complete the sentences with the correct form of the verbs.

- 1 If they(not cut) so many trees, they(have) bigger forests.
- 2 I(plant) more trees if I(be) in your position.
- 3 The street is very nice. It(be) ugly if we ...(not plant) more trees.
- 4 If she(not love) nature, she ...(not be) an environmental scientist.

The second conditional

Use *If* + past simple + *would* + infinitive (the second conditional) to talk about situations that are possible, but probably won't happen.

If there were more mangrove trees, there **would be** fewer floods.

The problems caused by rising sea levels **would get** worse **if they didn't plant** new mangrove forests.

Use the second conditional with *could* to mean 'would perhaps'.

The problems caused by rising sea levels **could get** worse **if they didn't plant** new mangrove forests.

 - 2 Why did the Iron Woman visit Lucy?
 - 3 Why did the Iron Woman want to destroy the factory?
 - 4 What did the workers understand when they became fish?
 - 5 How did the workers become people again?

Speaking

- 4  Discuss these questions in pairs.
 - 1 Why are factories important? Do they all produce pollution?
 - 2 What would you do if a factory in your area produced a lot of pollution?

The Iron Woman

One day, a girl called Lucy was surprised to see the Iron Woman. She was **enormous**, with big red eyes. Lucy was frightened, but she found that the woman wanted Lucy to help her. Lucy's father worked at a factory and the Iron Woman asked her where the factory was. Pollution from the factory was killing all the fish in the river, so she wanted to **destroy** it.

The Iron Woman had special **powers** so that she was able to make all the factory workers become fish. The workers all had to live in the river and started to understand how difficult life was for the fish.

Lucy wanted to help the Iron Woman, but she was worried about her father. So after the Iron Woman left, Lucy called a boy called Hogarth. He was friends with the Iron Man.

'If you brought the Iron Man here,' said Lucy, 'we could find an answer to the problem.'

The next day, Lucy met Hogarth and the Iron Man at the factory. When the Iron Woman arrived, the Iron Man told her that he had a plan. Soon, the Iron Woman let them become people again. They could stay people if they **promised** that the factory would not **produce** any more pollution. They all agreed, and the river became clean once more.

Listening

- 5  Listen to a conversation about *The Iron Woman*. Who liked the story more, Dina or Judy?
- 6  Listen again and choose the correct answers.
- 1 Dina thinks that the message of the Iron Woman is **easy** / **difficult** to understand.
 - 2 Judy thought that it was **right** / **wrong** that the Iron Woman wanted to destroy the factory.
 - 3 Judy thought that the factory workers **helped to produce** / **did not like** the pollution.
 - 4 Dina and Judy **agreed** / **did not agree** that the Iron Man's plan was a good one.
 - 5 They think the river became clean because the factory started to use **less** / **renewable** energy.

1 Look at this map of Africa and discuss the question in pairs.

The area shown on the map is called the Sahel **region**. It is south of the Sahara Desert and it used to be quite green, but now it has also become desert. Can you think of any reasons why?

2 Read the report and check your answers to Exercise 1.

The Great Green Wall

This report is about a green initiative in Africa called the Great Green Wall. This initiative was set up in 2007 by the African Union to solve the problem of **desertification** in the Sahel region of Africa.

Desertification happens when green land becomes desert. In the Sahel region, this has happened because climate change is **creating** more droughts every year and people do not always farm the land well. People cannot grow food and they are losing their farms and homes.

The Great Green Wall initiative will plant millions of trees, seedlings and plants across

Africa from west to east, to create a growing, green **landscape**. When it is finished, the wall

will be 8,000 km long. It will be the biggest living thing in the world. It will create jobs for 10 million people. The trees and plants will improve the land for farming again, and people will be able to grow crops.

The Great Green Wall will improve the lives of everyone who lives in the Sahel region. It will also help reduce the problems caused by climate change for the whole world.

3 Read the report again. Complete the sentences with one, two or three words.

- 1 The Great Green Wall initiative is going to solve the problem of desertification.
- 2 Climate change is creating more in the Sahel region every year.

There are many green **1 initiatives** across the world which are helping to protect the environment. There are projects to build solar farms to create green energy. There are projects to plant **2** and trees to give us cleaner air. At home, people are choosing to use rechargeable batteries and **3** Some people are buying more products made of **4**, which is **5** and doesn't cause pollution. Some people are even using **6** less often because it uses so much energy. What can you do to help protect the environment?

2 Complete the sentences using the correct form of the verb in brackets

- If we used greener energy, we would produce (produce) less pollution.
- More land (become) desert if there were more droughts.
- Would you buy solar panels for your house if you (have) enough money?
- We would build a solar farm for our community if we (can buy) the land.
- If the school (build) a wind turbine, it could make its own electricity.
- If you wanted to do a green initiative, what it (be)?

3 Work in pairs. Discuss question 6 in Exercise 2. Then compare your ideas with a different pair.

Project

Do a survey. Ask your friends at school what they would or would not do to live a more sustainable life.

- Choose ten students to do your survey on.
- Write a list of eight questions to ask the students, e.g. *Would you give up using air conditioning? Would you start using rechargeable batteries?*
- Ask each student the eight questions and record the answers Yes or No.
- Write up your results in a bar chart. Then write a short description of your results.

Speaking

- 4 Discuss these questions in pairs.
 - 1 Why is burning rainforests bad for the environment?
 - 2 Why is it wrong to destroy rainforests and other habitats?
 - 3 Why do we need to make more nature reserves?
- 5 Choose the correct words.
 - 1 We need **to cut down** / **cutting down** fewer trees.
 - 2 Many factories keep **to produce** / **producing** greenhouse gases.
 - 3 They decided **to plant** / **planting** a new forest.
 - 4 We enjoy **to recycle** / **recycling** plastic bottles and making new toys from them.
 - 5 We could avoid **to put** / **putting** rubbish that we can recycle into landfill sites.

In 2020, a lot of greenhouse gases ¹ were created (create) by deforestation in the Amazon area. Trees ² (burn) and a lot of carbon dioxide ³ (make) by all the fires. We could avoid ⁴ (create) carbon dioxide by not cutting down our forests and burning the trees. We need ⁵ (protect) our rainforests because they are important habitats for wildlife, plants and trees. The millions of trees keep the air clean for the whole planet. The greenhouse gas methane ⁶ (produce) by the cows that are brought to the area after the rainforest has been destroyed. So it is time to plant more and more trees.

Speaking

- 1 Read the texts. Who do you agree or disagree with? Discuss your ideas with a partner.

If everyone does one thing to help the environment, it will help a lot. For example, we can all use less paper or turn off the lights when we leave a room. I didn't use to buy rechargeable batteries, but now I do. We can all help.

I don't think there's much that young people can do to help the environment. Our parents buy our food and clothes. They do the shopping. If my parents don't want to recycle anything, there's nothing I can do.

 - 2 If more communities had a wind turbine, they would have
 - 3 If we planted more, we could help the environment.
 - 4 Plastic, and can be recycled.
 - 5 If we recycled more rubbish, there would be less rubbish in

There are lots of ways we can protect our environment and build a greener world. We need to use cleaner, greener energy. If factories had solar panels on their buildings, they would save money. We need more people to work together to get renewable energy for their communities. If more communities had a wind turbine, they would have cheaper, cleaner energy. We could also help the environment by planting more trees.

What about plastic? Millions of plastic bottles are used every day. When these bottles are recycled, the plastic is used to make clothes, toys, carpets and furniture! Glass and metal can be recycled, too. We don't recycle enough and that's why there's still so much rubbish in landfill sites.

Writing

- 4 Choose one of the green initiatives you learned about in Unit 9. Write an email to a friend and tell them about it.

 - 5 His work has also helped spacecraft to use less energy in space.F.....

Remember!

Use *have* + past participle (the present perfect) to talk about experiences in the past without giving a specific time.

Ayman Ragab **has** always **been** interested in space science.

Use *has/have been* + *-ing* (the present perfect continuous) to talk about something that started in the past and is still happening now.

For many years, NASA **has been trying** to understand what it can do with the rubbish that space journeys produce.

Prize-winning Egyptian helps NASA

For many years, NASA has been trying to understand what it can do with the rubbish that space journeys produce. Scientists have been looking for ways to solve the problem of rubbish. Astronauts use a lot of plastic, paper and other waste on their journeys to space. This can be a real problem. So NASA started a competition, asking the world's best scientists to try and find a solution.

Ayman Ragab is an Egyptian scientist who has always been interested in space science. In 2019, he entered NASA's competition and came second. Ayman suggested using jets of air to make the waste smaller and then help to **recycle** it.

Ayman is from the village of al-Dababiya near Luxor and graduated in Engineering from Aswan University. He has worked as a teaching assistant at the same university and now works as **a researcher** for a university in Finland.

Since he won his prize, he has worked on NASA's Technology Transfer Project which looks at how to use the latest technology in space, and he has recently found ways to save energy when there is little **gravity**.

The past perfect

Use the past perfect to talk about something that happened before another event in the past.

Before the beginning of the 17th century, astronomers **had** only **studied** space with their own eyes.

He **hadn't published** his ideas until just before he died.

Exploring space – past and present

- The stars and the planets have always been important to us. In ancient times, people knew what time of year it was by looking at where the stars were in the sky. The Ancient Egyptians discovered that a star called Sirius appeared in the sky just before the Nile flooded.
- An astronomer from the 2nd century, called Ptolemy, believed that the sun **orbited** the Earth. It was a popular idea that people believed for many centuries. Islamic astronomers in the 11th–13th centuries thought that the idea might be wrong.
- In 1532, the **astronomer** Nicolaus Copernicus showed that the Earth orbited the sun, but he hadn't published his ideas until just before he died. Copernicus hadn't wanted people to know about his ideas while he was alive, because he knew they would be unpopular.
- Before the beginning of the 17th century, astronomers had only studied space with their own eyes. Then, in 1608, the telescope was invented. The Italian astronomer Galileo improved the design. He made the **lenses** stronger so that he could study the planets in our **solar system**.
- The modern age is an exciting time for space discovery. We can see objects that are far away in space and look for life on other planets. What discoveries do you think we will make in the future?

3 Choose the correct answer.

- Astronomers **had studied / have studied** space with their eyes before the telescope was invented.
- Students were amazed to know that the ancient Egyptians **had discovered / were discovering** a star called Sirius.
- After we **were collected / had collected** useful information about the stars, we did our research.

- 2 How does satellite TV work?
- 3 Why is satellite technology useful for weather reports?
- 4 Give two examples of places where satellite phones are useful.

Speaking

5 Work in pairs. How have you used satellite technology this week?

We couldn't live without ... satellite technology

Since the late 20th century, we have used satellite technology for many of the things we do every day. Our lives would be very different without it. Here are some of the things that we use satellites for.

GPS – Before satellites were invented, people had always used maps to find their way. Now, most people use GPS, **which uses a system of satellites that work together**. These send signals to receivers on Earth, which work out where you are. We have GPS in cars, on phones and even in some modern motorbike **helmets!**

Weather reports – Satellites allow us to study the weather all around the world. They send photos of the Earth from space. When these are put together, they show how clouds and storms are moving.

TV and the internet – Lots of people have satellite TV so that they can watch their favourite shows and sports matches. The signal goes to a receiver on the house. In some areas, satellites send signals to the internet, too.

Mobile phones – Have you ever had problems using your phone because the signal is bad? Satellite phones can work anywhere in the world. They are very useful in places far from cities, such as on mountains or in deserts.

I checked the weather this morning and I watched my favourite show on satellite TV last night.

The International Space Station

- 1 The International Space Station is a huge spacecraft 70 km above the Earth. It's a place where astronauts live and work when they go into space. Most astronauts stay on the Space Station for about six months.
- 2 The Space Station orbits the Earth every day. It travels at 27,000 kilometres an hour. That means that it goes around the Earth every 90 minutes! It's one of the brightest objects in the sky and you can see it without using a telescope.
- 3 Lots of countries worked together to make the Space Station and astronauts from all around the world have stayed on it. The first piece of the Space Station went into space in 1998. Since the first astronauts arrived in 2000, more than 200 astronauts from 19 countries have stayed there.
- 4 Life on the Space Station is different from life on Earth in many ways. In space, washing, sleeping and eating can be difficult! But communication isn't a problem. Astronauts can send emails or make phone calls to their families back home.

FLOOD IN CITY CENTRE

Yesterday morning, part of the city centre was under water for more than six hours after a large water **pipe burst**. The road and all the shops in the shopping centre were closed all day.

A local **witness** said: "There was a lot of water in the road and the shops. Some people

were still trying to drive on the road. I saw a man on a new, blue motorbike who was **stuck**. He was really **cross**."

The water has now gone and the road is open. They will replace the pipe today with a new, strong pipe. Some of the shops are still closed while the owners clean their businesses.

2

Newsreader: "Welcome to the lunchtime news. This is Mariam El-Shazly. This morning at around 10 am, a water pipe burst outside the Shabana Supermarket. The road is closed while workers try to fix the pipe. Some of the local shops are flooded and some cars are stuck in the road."

Police Officer: "An old water pipe in the city centre has burst. People are working to fix it as quickly as possible and we hope to open the road soon."

Omar Zaki – Today, 10.30 am

Speaking

- 3 Discuss these questions in pairs:
 - 1 Was radio broadcasting very important in the last century? Why?
 - 2 Do you think it is still important? Why?

The Mother of All Broadcasters

Egyptian radio **broadcasting** started in 1934. It was the first broadcast in Africa and in the whole Arab world. Safia el Mohandes was the first **female voice** on the radio.

Safia was born in 1922 in Cairo. Her father was a famous **linguist**. He encouraged Safia to read Arabic books and novels. Safia also studied English literature at the university and **graduated** from the Faculty of Arts in 1945.

In 1947, Safia joined the Egyptian radio, and she was the first female radio **presenter**. Safia presented programmes for women and for children. Her most famous programme, 'Housewives', presented news, educational advice and drama for the whole Egyptian family.

Safia was very kind and helpful to all radio broadcasters. She helped everyone, and so she was called 'the mother of all broadcasters'. Safia was head of the radio broadcasting from 1975 until she **retired** in 1982.

- 4  Discuss these questions in pairs.

- Why is farmland disappearing?
Because sea levels are rising.
- What other things can energy shirts help us do or have?
- How would you feel if you were helped by a robot in a hospital?

THE TECHNOLOGY OF TOMORROW

Here are three things that could be part of our lives in the future.

Floating farms

One of the biggest problems we will have in the future is how to **feed** the world. As the population grows and sea levels **rise**, we won't be able to grow the food we need on the farmland we have. One **solution** is to build **floating farms** on the sea. The farms will have solar panels so they will be able to produce their own electricity.

Energy shirts

Have you heard of a shirt that can charge your phone? Scientists have made a new fabric that produces electricity as it moves. This means that we'll be able to charge our **devices** as we run or walk outside.

Robot assistants

When we go to hospital in the future, we may see doctors, nurses ... and robots! During the coronavirus pandemic, robot **assistants** worked in hospitals in Rwanda. They checked people's **temperatures**, collected information and even

reminded people to wear masks! More importantly, they helped to keep hospital workers safe.

Language

5 Complete the sentences with *will/won't be able to*.

My goals for the future

By Hussein

I love maths and science, so when I leave Preparatory school, I'd like to go to a technology school. My dream is to become a robotics engineer. Robotics engineers can create anything from machines for hospitals to robots that go into space.

Technology schools help students with the skills that I will need to work well with this technology, although it won't be easy. You need to pass a test to get into a technical school. Students who are successful often work in factories and businesses to get experience, and often get jobs there when they leave school.

Sport is also a big part of my life. I like playing handball and football, but my favourite sport is running. I'm in a local team and we usually run 10 kilometres per day, but we're going to **train** to run longer **distances**. I'd love to do the Egyptian **marathon** when I'm old enough.

Finally, I want to do something to help other people. When I'm older, I'm going to work as a volunteer at weekends. There is a children's hospital near my apartment. Volunteers go to the hospital to read to the children and play games with them. I think that would be a great thing to do, so I'm going to ask how I can help.

 - People won't be able to walk around Green City Kigali very easily.

Speaking

- 3  Discuss these questions in pairs.
- Which of the things in Exercise 1 do you think are most important in a future city? Why?

Our cities of the future

Africa's population is growing quickly. Experts believe that by 2050, there will be twice as many people in Africa as there are today. Many African countries are planning exciting new cities, where people can live, work and study. What will these cities of the future be like?

New Administrative Capital

My country is planning for a new administrative capital in the desert, east of Cairo. The New Administrative Capital is going to have modern universities, offices and hotels. There will be a **monorail** passing through the business **districts**. Electric trains will link the city to other cities around Egypt. The city is designed to work with smart technology. Roofs will be covered in solar panels. The shops will be **cashless**, and they will have more green spaces to walk round in the city. Dalia, 15, Egypt

Diamniadio Lake City

My country is planning an amazing new city: Diamniadio Lake City. It will have modern apartments, offices, hotels, shopping centres and sports stadiums. There will be schools and universities. A new train will connect the new city with our capital city, Dakar, so people will be able to travel between the cities easily.

Oumar, 16, Senegal

The Green City Kigali

I live in the capital city of Rwanda, Kigali. It's a beautiful city and a lot of people come here to live. Now, there is a plan to create a new part of the city: Green City Kigali. The buildings will use renewable energy and reuse rainwater. There will be cycle lanes and good public transport, but it will also be easy to walk around the city. I think there will be lots of cities like this in Africa one day.

2 Listen again and number the phrases in the order that you hear them.

a I don't think so.

b I'm sure that ...

c I'm not sure.

d I think that's very likely.

e Perhaps there will be ...

f There might be ...

g There will definitely be ...

h There will probably be ...

3 Look at the phrases from Exercise 2 again and discuss the questions in pairs.

1 Which are positive and which are negative?

2 Which phrase shows that you are sure about something in the future?

3 Which phrases show that you are not sure?

4 Read the sentences below. How strongly do you agree? Use expressions from Exercise 2.

1 There will be more people in the city in 2050. I'm not sure.

2 There will be smart apartments in the centre of the city.

3 There will be more shops and restaurants.

4 There will be more tall buildings.

5 The city will look completely different.

6 There will be a lot of pollution.

What do you think our city will be like in 2050?

I think there will definitely be more tall buildings.

Speaking

5 What do you think your city will be like in 2050? Ask and answer questions in pairs, using the expressions from Exercise 2.

For more practice, go to the Ministry of Education website.

Reading

- 1 Read the text and match to make sentences. Check any new words in a dictionary.

A technology that will change our lives *By Munir Osman*

- 1 In future, driverless cars will change all of our lives. We will be able to travel anywhere without touching the **controls** or even looking at the road! Driverless cars will also be better for the environment because they will be electric.
- 2 However, there are still some problems. Car companies will have to do lots of testing to make sure that the cars are completely safe. We will also have to make new **laws** and we might even have to change some of our road signs so that the cars' computers can read them.
- 3 So when will we be able to travel in driverless cars? Some experts believe that we will have to wait until 2030 at the earliest. Others think that driverless cars will be here much sooner, but we may still need people at the controls to begin with.
- 4 It's impossible to know who is correct, but we can be sure of one thing: driverless cars will be part of our future. I'm looking forward to taking my first journey in one.

- 1 **c** Driverless cars will be better for the environment
- 2 To make sure the cars are completely safe,
- 3 We might have to change some of our road signs
- 4 Some experts think that
- 5 People may still need to be at the controls of the car
- a** driverless cars will be ready in 2030.
- b** to make sure computers can read them.
- c** because they will be electric.
- d** to begin with.
- e** car companies will have to do a lot of testing.
- 2 Read the text again. Write the number of the paragraph that answers the questions. Then ask and answer the questions in pairs.
- 1 **3** When will driverless cars be on our roads?
- 2 How will driverless cars improve our lives?
- 3 How does the writer feel about driverless cars?
- 4 What problems do we still need solutions for?

How will driverless cars improve our lives?

Driverless car will be easier and better for the environment.

- What is it and how will it change our lives?
- What are the possible problems?
- When will the technology be ready?
- How do you feel about the technology?

Writing

- 3 Choose a future technology that will affect our lives. Research and make notes about it using these ideas.
- 4 Write a short report of around 100 words about a future technology in your notebook.

Review

1 Complete the sentences.

3D printer cycle lanes controls internship reuse robotics engineer

- All cities should have cycle lanes so it is safer to go by bike.
- A/An is useful for printing complex designs.
- A person who designs robots is called a/an
- You can drive a car using the
- Many young people take a/an in a business to learn about the job.
- Don't throw this bottle away, we can it.

2 Read and complete the texts with *will/won't be able to*.

In the future, I think there will be new types of transport so that we ¹ will be able to travel everywhere faster. This means we ² save time and do more things in a day. **Magda**

It's important to help protect the environment, but we ³ get all of our energy from solar farms and wind turbines for many years. We will need to build more of them. We will also need more cycle lanes in cities so people ⁴ travel without using energy at all. **Fares**

I'm sure that in the future, we ⁵ send more spacecraft into space. But the planets in our solar system are too far away for people to travel to, so astronauts ⁶ visit them. **Nasser**

3 Work in pairs. Choose a topic from below. Tell your partner your predictions about the future.

cities

our homes

the environment

space

transport

I think our cities will be bigger, but they won't have as much traffic. We'll be able to walk round them easily.

4 Write five predictions about the future using your ideas from Exercise 3.

Project

Design your own city of the future.

- Work in small groups and decide what it is going to have.
- Draw and label a map of the city.
- Write a description.

Listening

- 1 Listen to the radio programme. What was Sputnik 1 doing as it was orbiting the Earth?
- 2 Listen again. Are the sentences *true* (T) or *false* (F)? Correct the false sentences.
 - 1 The first satellite was called Sputnik 1 and it was launched in 1967.
F, it was launched in 1957.
 - 2 Sputnik 1 was smaller than a football.
 - 3 It orbited the Earth every 96 minutes.
 - 4 No satellite had orbited the Earth before 1957.
 - 5 The Americans had thought their country would be the first to launch a satellite.
 - 6 Russia has sent over 11,000 satellites into space since 1957.

Speaking

- 3 Discuss these questions in pairs.
 - 1 What are satellites used for today? Give as many examples as possible.
 - 2 In what ways do satellites affect your life?
 - 3 Do you think there are too many satellites in space? Why/Why not?

Reading

- 4 Read the newspaper article quickly. How many buildings were damaged in 2018?
- 5 Read the article again. Complete the sentences in reported speech.
 - 1 Mr Muller said that
he had seen the water going

CITY CENTRE FLOODS

Hundreds of people in a city in Germany were surprised to see flood water running through the streets of their neighbourhood last night. Heavy rains flooded this part of the city in less than an hour. Many people had to leave their homes and 15 people were taken to hospital.

Mr Muller, a local businessman, said, "I saw the water going down our big, wide street. I was very frightened." Mrs Werner, who also lives in the neighbourhood, said, "The floods have damaged our beautiful home and our business. We don't know what we'll do." This flood wasn't the only one to hit the area in recent years. In 2018, a flood damaged over 1,000 buildings. Mr Wagner, who owns the local bakery, said, "The weather is getting worse. We've seen floods on the TV, but now we have them here!"

Reading

- 1 Read the blog. Which jobs does the writer think robots will do for us in the future?
- 2 Read the blog again. Complete the sentences with *will* or *won't be able to*.
 - 1 People like you or me will be able to go into space.
 - 2 Robots think for themselves.
 - 3 Robot journalists write sports reviews and newspaper articles.
 - 4 Robot doctors to do everything.
 - 5 We stop robots from being a big part of our lives in the future.

Speaking

- 3 Discuss the blog and anything more you know about robots with a partner. Use some of the expressions below.

Apparently ...
Have you heard / Did you know that ...?
According to the blog ...
I read that ...

I read that robots will do most of our jobs in the future.

Writing

- 4 Choose one of the new African cities you learned about in Unit 12. Write a short blog about it.

New Administrative Capital Diamniadio Lake City The Green City Kigali

- Say why the new city is needed.
- Describe what the people who live there will be able to do.
- Say why you would like to live there.

For more practice, go to the Ministry of Education website.

In the next ten to 20 years, life will be very different compared to life today. Our cities, the way we study and the way we work will all be different. People like you or me will be able to go into space, but the biggest change will be at work. Soon, robots will be able to do most of the jobs.

Robots can already think for themselves. With the right computer programmes, robots journalists will be able to write sports reviews and newspaper articles. Robots will fly our planes and drive our cars. Robot doctors will soon replace human doctors. You will describe your illness to your robot doctor, which will then be able to look at people with the same illness, and choose the best medicine for you. Robot doctors won't be able to do everything. They just have to be better than human doctors. We won't be able to stop robots from being a big part of our lives in the future.
