الأسبوع الثاني عشر ترم ٢

الصف الثاني الثانوي - الاسبوع الثاني عشر -- الاداءات المنزلية

Read the following passage and answer the questions below:

During the pandemic, many people discovered new hobbies. One popular choice was gardening. With more time at home, individuals started planting flowers, vegetables, and herbs. Gardening not only provided fresh food but also offered mental relaxation. Watching plants grow day by day gave people a sense of achievement. Additionally, being outdoors and working with soil has health benefits, such as reducing stress and improving mood. Even in small spaces like balconies or windowsills, people created beautiful green areas. Gardening has now become a permanent hobby for many, long after lockdowns ended.
